

EXP-2

Bus Ticket Booking Prototype (Figma)

Aim

To design a simple Bus Ticket Booking System prototype using Figma.

Procedure

1. Open Figma and create a new design file.
2. Design the required screens: Home Page, Search Bus, Seat Selection, and Payment Page.
3. Add navigation links between the screens to represent the booking workflow.
4. Present the prototype in Prototype mode and verify the navigation.

Screens Designed

Home Page – source, destination, travel date, and search option.

Search Bus – available buses, timings, and fare details.

Seat Selection – bus seat layout and seat selection.

Payment Page – booking details and payment option.
